Udyama

Facilitates Network Based Local Initiative for Global Perspective

2030 Global Goals , SDGs & Triple Planetary Crisis be able to be addressed by Networking , Partnership & Readiness for Local Actions for sustainable communities with Consorted Collective Action, Influencing Policy Advocacy, Adaptive Research on Environment, Diversity, Gender, Innovation, Inclusion & Sustainability for Localization. Issues and opportunities are interconnected on Food-Water-Culture-Nature-Nutrition-Craft-Environment-WASH-DRR, Circular Economy, Climate Variability & Change, Biodiversity Conservation, Pollution in all forms, Green Energy, Tourism, Land Degradation & Neutrality, ICT as CORONA has taught us lot for e-learning, digital technology & knowledge transfer and Solutions to Livelihoods & WASH Resilience, Climate Justice & Adaptation to the community. Multiple-Stakeholders engagement during last 25 years that UDYAMA is now contributing to achieving SDGs in leveraging resource to scaling Agro-Eco-Entrepreneurship-Economy for social good towards Impact investing on Lifestyle through micro-macro linkages. Networking & partnership with community & multiple stakeholders have well reflected below. udyama bhubaneswar - Google Search. Food Insecurity, Hunger, Malnutrition, Biodiversity loss are solvable and doable programs but Pollution & Water Poverty are remaining challenge, it will be a daunting task for local global community.

Urgently is required for System Changes to demonstrating resilience pathways to strengthen front line communities capacitites building to adapt with change and to trigger actions & tipping points now on Food System, WASH System, Immunity System, Education System with regard to support health system & economies for all. Rebuilding Resource Base & Resilient Livelihoods are fundamental to make communities for better adaptation because risk are systemic & climate induced disasters are cascading and address the triple planetary crisis . Further more we have already surpassed the threshold of boundaries of rejuvinating Natural Resouce Management**. There has a need for Ecosystem Services & Nature Based Solutions , Solutions derived from Nature & Inspired by Nature for better econmies.**

Whole obective is to link to the broader view of **Poverty that goes beyond just food** & **income** but for better standard of Living, Dignity, Immunity Boosting, Better Nutrition, Well Being strengthening, adapt to change, highlight the crucial role of 'local context', Local Action, Build on What Exists how this influences the asset base - categorize the strategies that make up their livelihoods with added value proposition. An- integrated perspective that unites the concepts of socio-economic-ecological development with inclusion process in mainstreaming with cross sector integration resolution for people & planet**: The Future We Want .UDYAMA is undertaking local initiatives under United Nations Frameworks& Facilitate Risk informed Development to Catalyze Change in** cultivating commitments for insulating solutions toward a resilient society & adaptation to climate variability & change for maximizing of Social Capital & infrastructures, Human Capital , Ecological Capital & Economic Capitals along with minimizing Loss & Damages , hazards , distress, sufferings, miseries vulnerability, shocks .

The 16th Kyobo Environment Grand Prize Winner: The 16th Award Ceremony The 16th recipients of the Kyobo Life Education Foundation were Kyungbo Life Education Education Foundation's 16th prize winners were Kim Duk-sung (professor at Cheongsong High School) in the environmental education category, Muddle Mountain Scenery Sound (director Jinhwa Monk) in the life culture category, UDYAMA (representative Pradeep Mahapatra) was selected as the winner of the International Excellence Prize. The awards ceremony was held at Sejong Hall, Sejong Cultural Center, on April 22, 2014 at 4 pm. https://www.kbedu.or.kr/bbs.html?html=bbs_p/bbs_p1_1.html&s

International AWARD For Environment

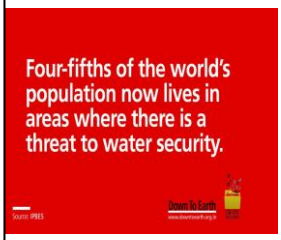

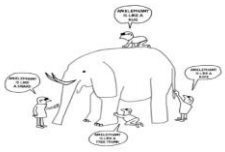

Ecology

UDYAMA has been practicing & influencing policy towards promoting Pathways to Community Resilience & Climate Adaptation in mitigating Health Crisis & Climate Crisis interconnecting with Hydrology, Geology, Geography, Sociology , Biology , Biodiversity, Food forest, Putting Science led livelihoods and Time honoured Community Wit & Wisdom with Digital Technology with **added Systemic Changes on Nature Based Solutions, Nature Guided Solutions & Nature inspired Solutions** : an Ecosystem Services ,Preventing Land Degradation& Neutrality Pollution & Sustainability.

Building Resilience: Better Adaptation

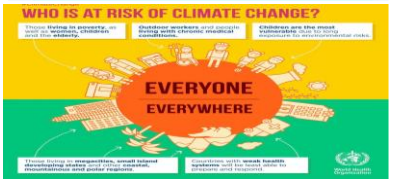

Localize the Global Goal

Needs Stronger Partnership

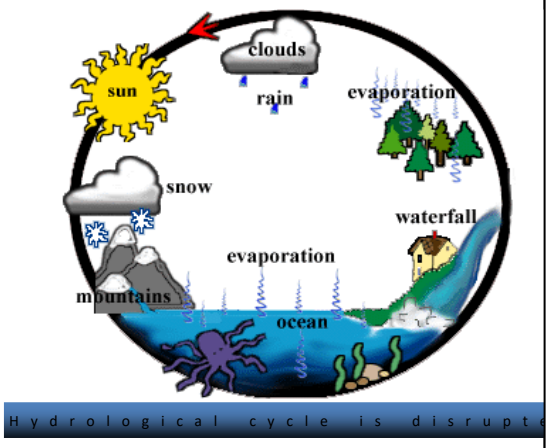

Backward & Forward linkages

Manifold issues need Many-Hand-Head–Heart Engagement:
Be it Health Crisis, Disaster Risks, Pollution, Climate Emergency, SDGs & Urban settlement

- Need Thematic Partnership & Networking
- Need Think Tank Advisory To Minimize Loss & Damages
- Leveraging Mainstream Resources
- Technological Transformation & Value Addition towards Sustainability

Not in Isolation, Together We can

- Development Challenges are Many & a "many hands problem" and It needs a multi stakeholder Participation & Engageme

This is the reality

- There has pressing need for Stronger Networking for this growth and development to be more inclusive and be an effective vehicle of development for all.

Ecosystem diversity

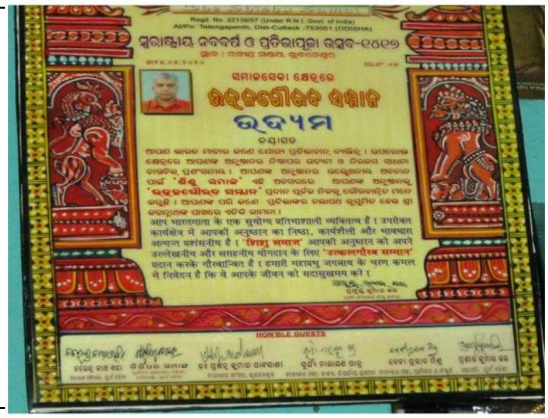

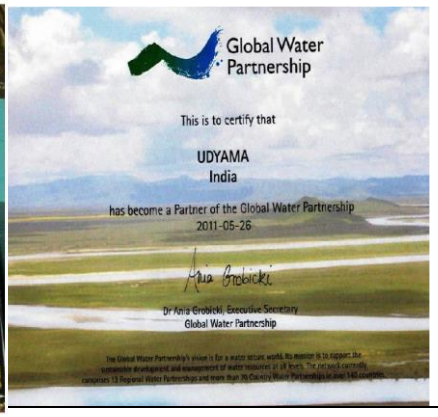

Localize the Global Goal

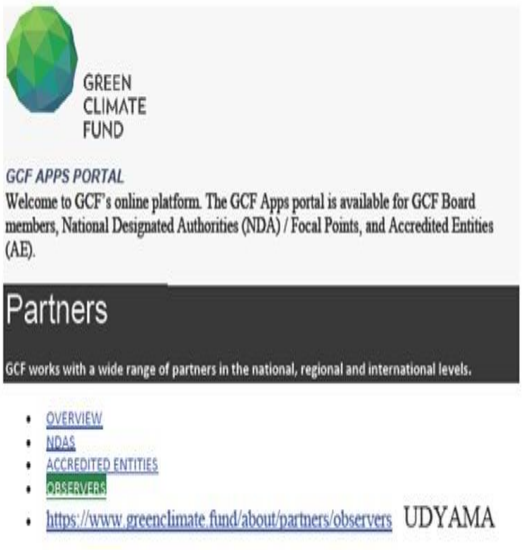

Partner with World Benchmarking Alliance (WBA)

Partner with Catalyst 2030 & India NASE

- Village safety nets),water bank, energy bank ,Local Biodiversity, Green Energy
- Micro projects & structures
- Micro institutions ,Micro insurance
- Small business
- Micro markets, fund promotion
- Nutrition at backyard
- Forest in farm , Carbon Credit
- Small livestock rearing
- Multiple benefits (diversity
- Low Carbon Development Strategies

Scaling up Livelihoods & Community Empowerment

Social counselling

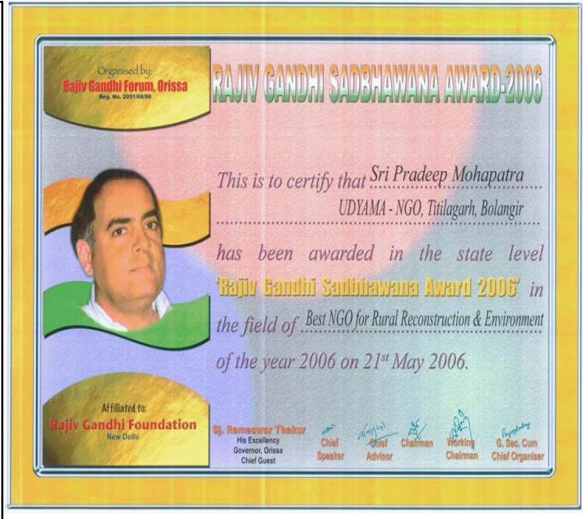

Act now with an integrated & interconnected program locally with innovation, technology, Inclusion, plan for whole, begin based on participation

UNITED NATIONS NATIONS UNIES

DEPARTMENT OF ECONOMIC AND SOCIAL AFFAIRS
Office for ECOSOC Support and Coordination – NGO Branch
DC1-1480, 1 UN PLAZA, NEW YORK, N.Y. 10017
Tel: (212) 963-8652 • Fax: (212) 963-9248
www.un.org/ecosoc/ngo

1 August 2011

Dear NGO Representative,

I am pleased to inform you that the Economic and Social Council (ECOSOC) at its Substantive Session of July 2011 adopted the recommendation of the Committee on Non-Governmental Organizations (NGOs) to grant Special consultative status to your organization "Udyama". On behalf of all staff of the Non-Governmental Organizations Branch, please accept our heartfelt congratulations.

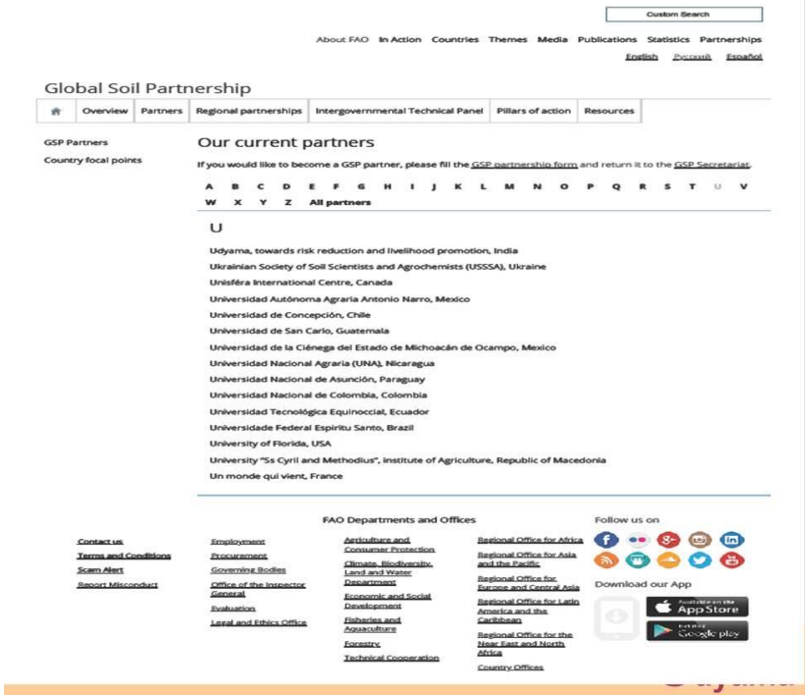

Consultative status for an organization enables it to actively engage with ECOSOC and its subsidiary bodies, as well as with the United Nations Secretariat, programmes, funds and agencies in a number of ways. In order to better understand this relationship, we take this opportunity to provide some critical information about the privileges that consultative status with ECOSOC confers on your organization, as well as the obligations that your organization will be required to meet under this relationship. **We therefore urge you to take the time to carefully review the information we have provided below.**

Privileges and benefits of consultative status

1) ECOSOC Resolution 1996/31

- Arrangements for consultations with NGOs are regulated by ECOSOC resolution 1996/31, adopted by the Council on 25 July 1996. Please review the entire resolution at: http://csonet.org/content/documents/1996 31.pdf for detailed information . It provides information on ways to participate in the work of the Council, including opportunities to organizations such as yours to consult with Member States and the United Nations system at large, based on the nature and scope of work that your organization undertakes. Consultative relationship with NGOs also enables the Council or one of its bodies to seek expert information or advice from organizations with special competence in a subject matter.
- Consultative status allows you to be informed about the provisional agenda of the Economic and Social Council;
- Organizations in general consultative status may request the Secretary-General, through the Committee on Non-Governmental Organizations, to place items of special interest in the provisional agenda of the Council.

United Nations Environment Programme

Ref: Accreditation File No. 367/2017 3 August 2017

Dear Mr. Mahapatra,

This refers to your communication addressed to the Governance Affairs Office, requesting accreditation of UDYAMA, to the Governing Body of the United Nations Environment Programme (UN Environment).

Following careful assessment and consideration of the documents and information provided by you, I am pleased to inform you that UDYAMA has been granted accreditation as an observer to the Governing Body of United Nations Environment Programme (UN Environment), which was renamed as the United Nations Environment Assembly of the UN Environment by the General Assembly Resolution 67/251 of 13 March 2013. Your organization will forthwith receive invitations as an observer to all public meetings and sessions of the United Nations Environment Assembly and its subsidiary organs.

Please note that as an accredited organization, you are required to file a report of your activities to UN Environment every four years from the date of accreditation. This report known as quadrennial report is to be submitted to the Secretariat of Governing Bodies and Stakeholders in a specific format that UN Environment will communicate to you.

An excerpt of rule 70 of the Rules of Procedure of the United Nations Environment Assembly of UN Environment is attached for your information and compliance. Please also see UN Environment's Stakeholder Engagement Handbook that can be found under http://wedocs.unep.org/handle/20.500.11822/7448

Yours sincerely,
Jorge Laguna-Celis

Re: Application for CTCN Membership
Applicant Reference: N0080
CTCN Reference: 2015/Membership65/UDYAMA

Dear Mr Mahapatra,

Thank you for your application for the CTCN membership. We have completed our assessment of your application.

I am pleased to inform you that UDYAMA has been granted the CTCN membership.

CTCN members are invited to play a meaningful role in information sharing and capacity building; providing technical assistance in response to country requests; and participating in outreach and networking activities. Detailed guidance on Network participation can be found on the CTCN's website at http://www.ctc-n.org/network.

I look forward to working in close collaboration with UDYAMA toward serving the interests of the developing countries by providing high quality and diverse expertise in the transfer of climate technologies.

Yours sincerely,

Jukka Uosukainen

UDYAMA a Development Catalytic organization is working communities having strong exposure in implementation & adaptive research of human capital building, agro ecology development a nature based solutions for the last two and half a decades. UDYAMA practices community resilience & adaptation process for most at-risk communities integrating with science, analytics, digital technology & ML , AI, ICT & Cloud sourcing to Green, Clean, Blue & Circular Economy.

https://www.google.co.in/search?ei=FI03W5P5FcnqvATaz4rwAw&q=climate+change+%2C+udyama%2C&oq=climate+change+%2C+udyama%2C&gs_l=psy-ab.12...11941.20680.0.22807.17.17.0.0.0.0.593.3509.0j12j4j5-1.17.0....0...1.1.64.psy-ab..0.2.507...0i13k1.0.xNyIzusCG60

Our extended and enhanced learning outreach with local, regional, international organizations on micro-macro linkages towards resilience building has been well built as the community is first, UDYAMA is deeply advocating localizing the SDGs and pursuing local action & global networking & influencing policy for risk-informed resilient development, local carbon sequestration as part of community adaptation with special to the advancement of protection of local food forest, nutrition boosting & biodiversity along with a cross-sector integration as Human Development matter. UDYAMA is undertaking alternate livelihood models & employable market-led life skills building for safe migration connecting sources and destinations in an urban setting with added innovation for cluster growth Odisha and neighboring states that have well connected.

Further UDYAMA ensures evidence-based Demonstration, Local action, Local Perspective: There will be a model of Integrated farming with at least two models in a block apart from sporadic work. Restore and protect ecosystems, supporting nature's ability to draw down carbon, as well as safeguarding biodiversity, food security, water recharge, & convergent action. Fact that our multisector approach is to link to the broader view of Poverty & poverty alleviation that goes beyond just income, it highlights the crucial role of 'local context' and how this influences the asset base, Gives spaces to local perspectives, Local Action - categorize the strategies that make up their livelihoods. Build on what exists -

So, what are food systems?

1. The **natural resources**
2. The food chain **elements and activities** (that draw from natural resources)
3. The **outcomes** of such activities on the social, environmental, or economic realities

Why multi-stakeholder?

The SFS Programme promotes:

- Multi-stakeholder dialogue and collaboration to create joint understanding (e.g. definitions, concepts),
- working towards *joint* solutions (e.g. guidelines, policies),
- joint action (e.g. on the ground projects).

Multi-stakeholder Advisory Committee (MAC) Members

GOVERNMENT AGENCIES
Argentina, Brazil, Costa Rica, France, Honduras, Netherlands, USA

CIVIL SOCIETY ORGANIZATIONS
Biovision, IFOAM Organics International, Global Nature Fund, UDYAMA

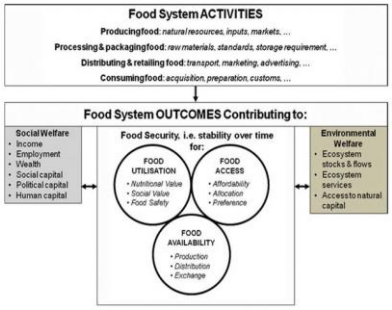

SCIENTIFIC AND TECHNICAL INSTITUTIONS
ENEA, German Development Institute, Hebrew University, INRA

UN AGENCIES AND OTHER INTER-GOVERNMENTAL ORGANIZATIONS
CIHEAM, FAO, UNEP, UN Standing Committee on Nutrition

PRIVATE SECTOR
FoodDrinkEurope, Nestlé, Pinpoint, Smaackmakers

Invitation to become a CoNGO member

Dear Collegues,

Welcome to the NGO family supporting the work of the United Nations! The Conference of NGOs in Consultative Relationship with the United Nations (CoNGO) wishes to congratulate your organization for having been granted consultative status in 2011 with the UN Economic and Social Council (ECOSOC). You now belong to the more than 3000 NGOs worldwide that have the opportunity to influence directly the decisions being taken within the United Nations.

We would like to introduce you to CoNGO, a network and association of NGOs accredited with the ECOSOC, which for over 60 years has actively promoted and facilitated the participation and involvement of civil society organizations

New Year 2023

"I looked through a window into the future. A future of permanent and ubiquitous climate chaos on an unimaginable scale."
Antonio Guterres, Secretary-General of the United Nations, after his trip on 19 September 2022 to see the catastrophic flooding in Pakistan.

www.netzkraft.net
info@netzkraft.net

Dear Pradeep Mohapatra,
dear people of Udyama,

The "Club of Rome" is a non-profit organisation of experts from over 30 nations, whose members are dedicated to creating a sustainable future for humanity. Their first report entitled "Limits to Growth" was published 50 years ago. Most of the predictions they made at that time have come true. Their current report is called "Earth for All – a Survival Guide for Our Planet". In it, the authors describe two scenarios for our earth: Too Little Too Late (TLTL)) and Giant Leap (GL).

If we continue with the TLTL model and maintain our current political and economic course, the gap between poor and rich will continue to widen. Major segments of the human population will suffer under extreme heat and other environmental disasters. Social tension and military conflicts will increase.

The GL (Giant Leap) model encompasses 5 "Turning Points":
1. An end to the extreme poverty of billions of people
2. A balancing of the striking inequalities within and among nations
3. Equal rights for women
4. Sustainable food production
5. Transition to clean energy

Earth for All describes in detail how these goals can be implemented. But that knowledge alone is not enough. The policy makers of the world must act on it. Unfortunately, they often pursue only short-term goals. Rich nations have more power in the United Nations and at international conferences than do poor countries, so they can more easily assert their interests. This is not just.

That is why our movement is so important. We fight to create a democratically legitimised authority within the United Nations that represents all nations according to their size. It must be able to develop measures against global threats and enforce them non-violently. The *Netzkraft Movement* is a movement for sustainability and fairness on our planet. Over 4,000 non-profit organisations from nearly all nations of the world have already come on board – as you have!

Warmest greetings and best wishes for the New Year from Xanten

Campaign Title: Pathways to Support Migrant Labourers Affected by COVID-19

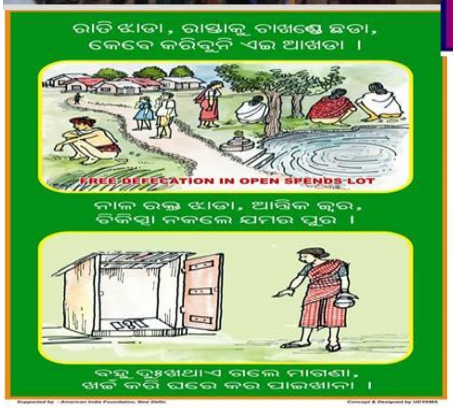

Category: Livelihood and Humanity

Location: Bhubaneswar, IN

Campaign Update:

Last July 8, our team went to Bolangir District to provide financial assistance to some elderly migrant returnees. This initiative is our way to ensure that they will be able to buy necessities that will help them maintain good health and boost their immune system. Donate to this campaign so we can reach out to more elderly who need us most.

water and climate coalition

"Placing water resources management at the heart of global policy responses to climate change"

About the Water and Climate Coalition

The Water and Climate Coalition is a multi-stakeholder coalition of partners seeking to place water resources management at the heart of climate change policy. Formerly known as the Global Public Policy Network on Water Management (GPPN), the coalition operates at a global and intergovernmental level in UN-related processes to integrate water and climate policy. It worked actively in the run up to COP15 in Copenhagen, and continues to engage with the negotiations under the UN Framework Convention on Climate Change (UNFCCC).

The Secretariat of the Water and Climate Coalition is run by Stakeholder Forum and Stockholm International Water Institute. There are currently eleven members in the coalition:

Cap-Net · CIWEM · Freshwater Action Network · GREEN CROSS · Global Water Partnership · IUCN · PROGRESSIO · Udyama · UNC Water Institute · WWF

Contacts and Information

To find out more about the Water and Climate Coalition please visit our website: www.waterclimatecoalition.org.

Ref:- Your letter dated 6th February, 2013

Sir,

With reference to your letter on the subject, we are to confirm the Oranisation of One day Workshop for about 40 participants on **"Revitalisation of Rainfed Agriculture (RRA)"** by UDYAMA in collaboration with IMAGE. The formal intimation to the Government Officials will be issued by us in consultation with the State Nodal Officer-Extension Reforms & Director of Agriculture, Odihsa. You may invite the other participants accordingly.

The expenses on account of organising the Workshop will be met out Extension Reforms Scheme by IMAGE as per the GOI guidelines.

Yours faithfully,
Director, IMAGE.
Dated 14/2/13

Memo No. 486

Copy submitted to the State Nodal Officer- Extension Reforms & Director of Agriculture & Food Production, Odisha, for kind information and necessary action. A copy of letter dated 6.2.2013 of UDYAMA is enclosed herewith along with Tentative Schedule of the Workshop. The Officers connected with Agriculture Extension, IWMP, OTLEP, Tribal Sub Plan of the Directorate may kindly be advised to present a status on the respective on going schemes as per the schedule.

UN HABITAT
UNITED NATIONS HUMAN SETTLEMENTS PROGRAMME
Programme des Nations Unies pour les établissements humains
Programa de las Naciones Unidas para los Asentamientos Humanos
Office of the Executive Director

Nairobi, 1 April 2015

Dear Mr. Pradeep Mohapatra,

Participation as Observer at the Twenty-fifth Session of the Governing Council of UN-Habitat

Following my letter dated 19 January 2015 inviting your organization to participate as an Observer at the Twenty-fifth Session of the Governing Council (GC25) of the United Nations Human Settlements Programme (UN-Habitat), which will be held at the headquarters of UN-Habitat in Nairobi, Kenya, from 17 to 23 April 2015, I have the pleasure to forward to you a copy of the "Notification by the Executive Director", which contains the provisional agenda, organizational structure and timetable for the GC25.

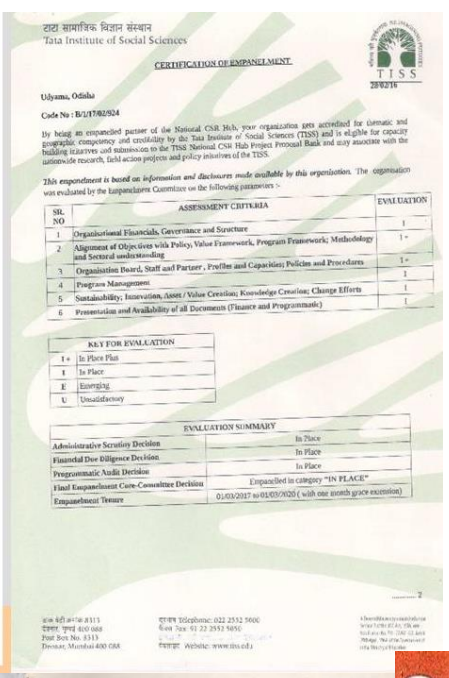

I would like to draw your attention specifically to paragraph 8, which outlines the Dialogue on the special theme on human settlements and the two sub-themes of the Dialogue. Additionally, Annex IV, paragraphs 8 to15, also contain further information on partner engagement in the high level segment and the dialogue, which will take place during the plenary session on 21 April 2015 in the morning and afternoon.

In addition to each representative of your organization registering as a participant at www.unhabitat.org/gc25, please submit a full list of the representatives of your organization by 7 April 2015, if not already submitted. Online registration for GC25 will close on 8 April and we encourage participants to get registered by that date. On-site registration will also be available starting from 14 April, 2015 at the United Nations complex at Gigiri.

Kindly note that in order to be granted access to the United Nations complex, you will be required to present your formal identification and proof of your organization's accreditation status (either consultative with ECOSOC, accredited to Habitat II, or a copy of ad-hoc accreditation for GC25). You are also encouraged to bring a copy of your online registration confirmation.

RETHINKING CENTRALIZATION IN WASTE

Consultation on De-Centralised Waste Management for Chennnai

Last few months have seen an increased debate around waste management in Chennai. Various government resolutions, political statements, tenders, project proposals and policies have been in the news. The most recent has been the Corporations proposal to install two integrated waste management facilities at Kodungaiyur and Perungudi with incinerators. Unfortunately, such proposals are distant from addressing the crux of the problem – centalised waste management. We are yet again being offered a placebo. For real long lasting solutions we really need to rethink centralization in waste management.

Save Pallikaranai Marshlands Forum, Ever Vigilant Residents Welfare Association, and Kaivaraiu Kanadasan Nagar Welfare Association and latest Alliance to Incinerator Alternatives (AIA), invite you for a consultation that will address some of these issues facing waste management today. The consultation primarily aims at addressing the

Dear Mr. Mohapatra,

Sanction for an amount of Rs. 19.78 lakhs (over eighteen months) – Program Grant to the Udyama,Bhubaneswar, Orissa.

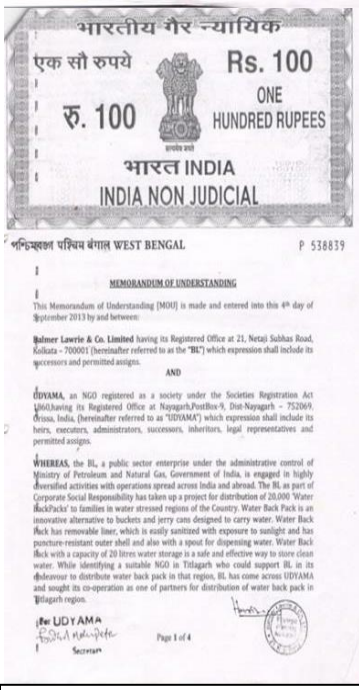

1. This is in response to your appeal dated February 03, 2010, requesting a Grant of Rs. 19.78 lakhs. This Grant would enable **Udyama, Bhubaneswar, Orissa** towards "Detailing to accelerating opportunities and minimizing adverse impacts to lives & livelihoods in distress migration". Based on an assessment of the project proposal the Trustees of the Jamsetji Tata Trust are pleased to sanction an amount of Rs.19.78 lakhs (Rupees Nineteen lakhs and seventy eight thousands only) to the **Udyama, Bhubaneswar, Orissa** on the following terms and conditions:

2. The Grant is to be used specifically for the budget line items as given in Annexure 1 for a maximum period of **eighteen months** with effect from **January 2011**. The Grant will be disbursed in instalments in the following manner.

MONTH	AMOUNT (Rs. In Lakhs)
January 2011	13.72
January 2012	6.06

The Trust has designated the Migration Resource Centre (MRC), housed in Aajeevika Bureau (AB), Udaipur as the principal resource agency for this initiative and it is expected that the MRC will maintain regular contact with UDYAMA through the duration of the program. MRC will undertake periodic reviews, provide technical and capacity building support, facilitate new linkages and implement program audits on behalf of the Trust. MRC will also facilitate communications between the Trust and UDYAMA and will be available for assistance in future planning and building future directions. All inception reports, six monthly progress and financial reports submitted to the Trust will need to be copied to MRC.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding [MOU] is made and entered into this 4th day of September 2013 by and between:

Balmer Lawrie & Co. Limited having its Registered Office at 21, Netaji Subhas Road, Kolkata – 700001 (hereinafter referred to as the "**BL**") which expression shall include its successors and permitted assigns.

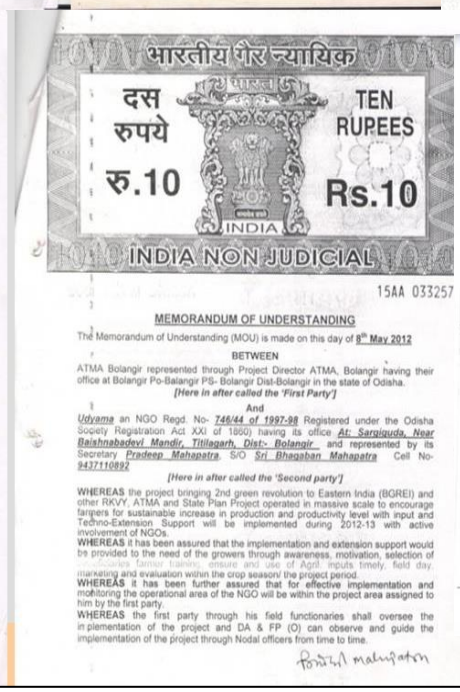

AND

UDYAMA, an NGO registered as a society under the Societies Registration Act 1860,having its Registered Office at Nayagarh,Post/Dist-Nayagarh – 752069, Orissa, India, (hereinafter referred to as "UDYAMA") which expression shall include its heirs, executers, administrators, successors, inheritors, legal representatives and permitted assigns.

WHEREAS, the BL, a public sector enterprise under the administrative control of Ministry of Petroleum and Natural Gas, Government of India, is engaged in highly diversified activities with operations spread across India and abroad. The BL as part of Corporate Social Responsibility has taken up a project for distribution of 20,000 'Water BackPacks' to families in water stressed regions of the Country. Water Back Pack is an innovative alternative to buckets and jerry cans designed to carry water. Water Back Pack has removable liner, which is easily sanitized with exposure to sunlight and has puncture-resistant outer shell and also with a spout for dispensing water. Water Back Pack with a capacity of 20 litres water storage is a safe and effective way to store clean water. While identifying a suitable NGO in Titlagarh who could support BL in its endeavour to distribute water back pack in that region, BL has come across UDYAMA and sought its co-operation as one of partners for distribution of water back pack in Titlagarh region.

Dear Mr. Mohapatra,

Sanction for of amount of Rs. 74.60 lakhs (over Three years) - Program Grant to Udyama, Orissa

This is in response to your appeal dated September 19, 2012 requesting a Grant of Rs. 74.60 lakhs. This Grant would enable **Udyama, Orissa,** towards implementation of the project titled **"Detailing to accelerating opportunities and minimising adverse impact on the lives and livelihoods in distress migration" under the Tata Trust Migrant Support Program.** Based on an assessment of the project proposal the Trustees of the Jamsetji Tata Trust are pleased to sanction an amount of Rs. 74.60 lakhs (Rupees seventy four lakhs and sixty thousand only) to **Udyama, Orissa,** on the following terms and conditions:

2. The Grant is to be used specifically for the budget line items as given in **Annexure 1** for a maximum period of **Three years** with effect from **May 2013**. The Grant will be disbursed in instalments in the following manner.

MONTH	AMOUNT (Rs. In Lakhs)
May 2013	25.63
May 2014	23.99
May 2015	12.49
November 2015	12.49

The Trust has designated the Migration Resource Centre (MRC), housed in Aajeevika Bureau (AB), Udaipur as the principal resource agency for this initiative and it is expected that the MRC will maintain regular contact with **Udyama, Orissa,** through the duration of the program. On behalf of the Trust, MRC will provide technical and capacity building support, undertake periodic reviews, and facilitate new linkages and co-ordinate monitoring visits of the Trust's consultants. MRC will be available for assistance in future planning and building future directions. All inception reports, six monthly progress and financial reports submitted to the Trust will need to be copied to MRC.

Subject: Skill Development/Vocational Training for unemployed Youth

Dear Pradeep,

Thank you very much for participating in the orientation programme held from 21 - 22 May, 2013 at Vishwa Yuvak Kendra.

After our detailed discussions related to various facts of the programme, we are now in position to implement the Skill Development/Vocational Training Programme in the areas that we agreed upon. We request you to start the activities in accordance with the enclosed schedule and budget. The activities are as follows:

- Identification and selection of youth for employment in industries and for self-employment.
- Entrepreneurship Development Training for six days to the selected youth from the identified areas of the district.
- Create linkages with industries (private and Government) for placement of the youth after completion of vocational training.
- Providing training to the youth on specific selected trade/enterprise.
- Liaison with bank/financial institutions to facilitate trained youth to avail loan for self-employment.

Please find enclosed herewith the timeframe, along with the budget of the programme for your reference. In this regard, kindly send the following information to us at the earliest:-

- Area and venue of the six-day Entrepreneurship Development Programme.
- Dates of the programme.
- Tentative programme Schedule.
- Number of the participants, with their age and educational details.
- Tentative department-wise list of resource persons.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding [MOU] is made and entered into this 4th day of September 2013 by and between:

Balmer Lawrie & Co. Limited having its Registered Office at 21, Netaji Subhas Road, Kolkata – 700001 (hereinafter referred to as the **"BL"**) which expression shall include its successors and permitted assigns.

AND

UDYAMA, an NGO registered as a society under the Societies Registration Act 1860,having its Registered Office at Nayagarh,PostBox-9, Dist-Nayagarh – 752069, Orissa, India, (hereinafter referred to as "UDYAMA") which expression shall include its heirs, executers, administrators, successors, inheritors, legal representatives and permitted assigns.

WHEREAS, the BL, a public sector enterprise under the administrative control of Ministry of Petroleum and Natural Gas, Government of India, is engaged in highly diversified activities with operations spread across India and abroad. The BL as part of Corporate Social Responsibility has taken up a project for distribution of 20,000 'Water BackPacks' to families in water stressed regions of the Country. Water Back Pack is an innovative alternative to buckets and jerry cans designed to carry water. Water Back Pack has removable liner, which is easily sanitized with exposure to sunlight and has puncture-resistant outer shell and also with a spout for dispensing water. Water Back Pack with a capacity of 20 litres water storage is a safe and effective way to store clean water. While identifying a suitable NGO in Titlagarh who could support BL in its endeavour to distribute water back pack in that region, BL has come across UDYAMA and sought its co-operation as one of partners for distribution of water back pack in Titlagarh region.

Sub: Thinking through the idea of University Community Linkage.
Dear Sir,
I would like to convey my sincere appreciation for your outstanding efforts at facilitating the ongoing dialogue on the subject cited above with several rounds of critical deliberations with academicians from various universities and colleges of Odisha, social activists and policy planners to help shape up our proposed initiative in the above direction.

I would like to note that these rounds of discussion on the themes has significantly foregrounded the thinking that though quality education has imparted markedboost towards professional growth of students and teachers in the contemporary digital agewiththe perceptible gap in terms of addressing pressing concerns of the planet today in terms of community coherence, ecosystem, cultural biodiversity and global warmingor skewed development of urban space in the conceptual universe of the intelligentsia continues to be increasingly visible.

In the context of this, I would like to reiterate that Ravenshaw University and its constituent departmentof History herby expressinterest and willingness to be part of thisnega initiative. Our commitment participations, as we have brainstormed, will be especially for doing morefollow up research in these areas, policy advocacy, dialogue for framework development, debate for innovation and inclusion of course curriculum and discourses for strategic engagement for Agendas for 2030 which is one of the priorities of SDGs.

We look forward to a strong collaborative association and research pertaining to this current project. On behalf of the department of History, Ravenshaw University, Prof Laxmikanta Mishra(lkmishra1959@gmail.com); contact no: 9861065900 and Prof.Chandi Prasad Nanda(chandinanda@gmail.com; contact no: 9438426567)may be contacted for future correspondence in this regard .

Wish you all our best wishes for Happy New Year 2019.

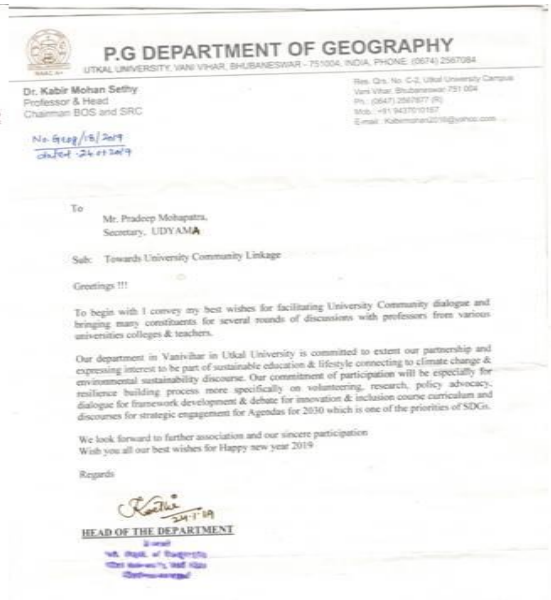

Regards

SUB: Clean Development Mechanism (CDM) and Carbon Trading for Power Sector from 15-17 June 2011, ESCI Campus, Gachi Bowli, Hyderabad, A. P., India.

Dear Sir /Madam,

Centre for Climate Change, is organizing a **Clean Development Mechanism (CDM) and Carbon Trading for Power Sector from 15-17 June 2011,** Engineering Staff College of India (ESCI) Campus, Gachi Bowli Hyderabad, A.P., India.

This training programme is designed for making the Indian professionals aware about the huge potential of CDM projects and Carbon Trading in Power & Energy sector and the available platforms throughout the World and enable Power Sector to avail the booming opportunity of Carbon Trading. This training will strengthen the knowledge of participant about identifying thrust areas and scope of carbon credit business, acquaintance to CDM project cycle, preparation of CDM project proposals, generating carbon credits and propagating new ideas for GHG emission reduction. This training shall also provide the insight in PAT Scheme in India.

We request you to kindly nominate your Engineers, Managers, Finance Officers and Executives for this training programme and make use of this opportunity.

Kindly see the attached brochure detailing training schedule, fees and registration procedure to attend the programme. Look forward to your participation.

Thanking you,

With regards,

UPTAM,
Bhubaneshwar.

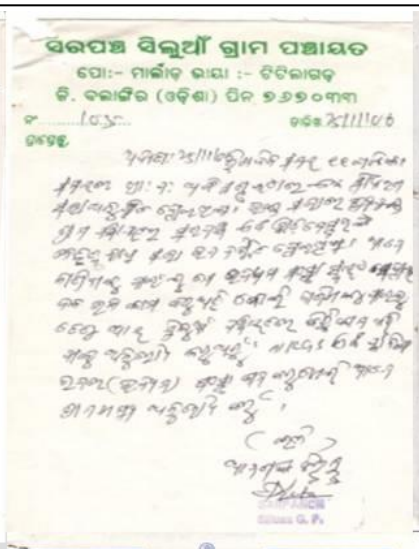

Dear Mr. Mohapatra,

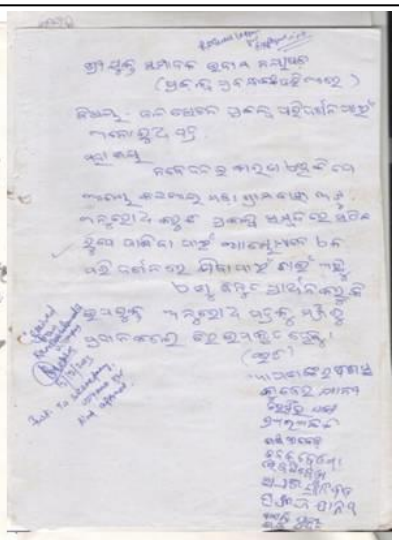

At the outset, I must thank you for your wholehearted co-operation in the entire plan of our Training Programme on Livelihood Generation through agriculture. I believe that participants must have found the programme extremely useful and beneficial in their respective fields of activities. As you know it was a very first attempt of its kind and naturally we owe aforesaid on the part of their maintenance. RGVN would be glad if it is pleased to have your comments and opinion for the growth and strengthening of efforts of its partner agencies.

I would like this opportunity to inform you that as a result of the programme which can be considered, Chandpur, I accept thanks on behalf of proposed which can be considered, Chandpur, I accept thanks on behalf of proposed which can be considered, Chandpur, I accept thanks on behalf of proposed

CS4ME
CIVIL SOCIETY FOR MALARIA ELIMINATION

UNITING CIVIL SOCIETY ORGANIZATIONS AND COMMUNITIES TO ACHIEVE MALARIA ELIMINATION

Yaounde, February 14th, 2022

For the attention of Pradeep Mahapatra

Subject: Welcome to the CS4ME platform

Dear CS4ME member,

It is with great pleasure that we welcome you to the Civil Society Platform for Malaria Elimination (CS4ME). We are delighted to count **UDYAMA** among our members.
CS4ME carries out a wide range of activities in the fight against malaria. Our mission is to improve malaria control programs and interventions to make them more effective, community-driven and adequately funded to achieve the vision of a malaria-free world by 2030.
The CS4ME exchange platform will allow you to connect with other Malaria Civil Society Organizations and malaria-affected communities, unite our voices and learn about Civil Society capacity building tools and programs. It is thus, a tool that will enable you to strengthen advocacy for the fight against malaria in a united and coordinated way.
We also provide our members with several means of communication to promote integration of all and facilitate information sharing between us:

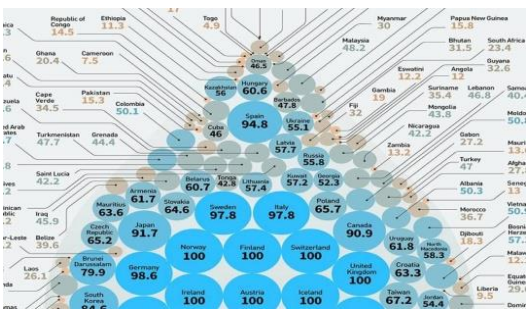

- A website in French and English at www.cs4me.org which you can consult at anytime
- Accounts on social networks Facebook, Twitter et YouTube
- Access to our various WhatsApp groups where information on training webinars and summaries of actions to fight malaria in pictures are circulated. These groups give you the opportunity to exchange with our other members and to communicate on your own actions if you wish, in strict respect of each other.

Reminding you that the secretariat's team is there to accompany you. (By email at secretariat@cs4me.org or by phone (+237) 699 038 004) and counting on your active contribution). We would like to welcome **UDYAMA** on our platform once again and ask you, dear CS4ME member, to accept our distinguished greetings.

Olivia Ngou,
Global Coordinator CS4ME

GBFC WCC

English

Dear Pradeep Mahapatra,

The official website of GBFC (Global Blockchain Finance Committee) is now open. GBFC was established according to the resolutions made during a conference held in Geneva UN. All discussions and policies presented during the conference are described in detail.

Please visit our website at the link below.

You have been appointed as our "associate" or "regular" member of GBFC. And you may act as a committee member of GBFC WCC (Global Blockchain Finance Committee World Civic Center) in your region.

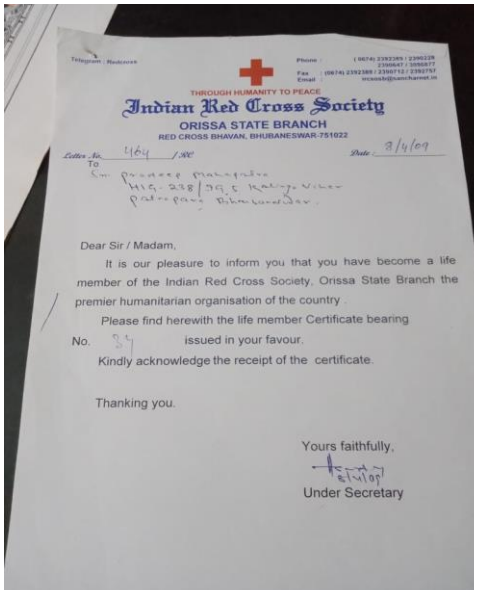

As you have become the leader of global civil society, we will look forward to your accomplishment.
We will keep you updated with great news.

Website : www.GBFC.center

Host Website : https://www.iwoa.center/

Best regards,

The GBFC WCC Team

SHRAM

Strengthen and Harvest-apps Research and Action on Migration

Udyama http://www.shram.org/partners/Udyama

Udyama is a food security and sustainable rural livelihoods focused action and advocacy oriented organization primarily working in the state of Orissa. It was founded in 1997 with the aim of strengthening food security and livelihoods through restoration and sustainable management of natural resources, capacity building of local communities.
Since inception the UDYAMA has made a worked towards step by step implementation of diverse action-oriented programs that has reflected in ground. Creation of enabling environment for community action, improving the capacity of participating community for drought mitigation thru regulated water management, forest preservation protection and utilization is the prime activity of UDYAMA.

SDGs Addressed	*CROSS-SDG (majority of goals)
SDG Targets Addressed	*CROSS-SDG (majority of SDG targets)
Countries Served	India
HQ Location	India
Systems Targeted	Odisha is very much in multiple pandemics, droughts, climate crisis and COVID-19. But looking at the present context of COVID-19 Pandemic, Spreading & scaling the community transmission is alarming, Every day thousands of people are affected and more will die like anything. Government is trying best to limit it. On the contrary million of returned migrants are here without daily wage, no job, no work, people will die without food & Nutrition automatically before COVID-19 kills. Government has declared a few programs but it will take time to ground. The following are the primary concerns • Perpetual hunger; poverty • Perennial drought and floods; continuous crop failure; starvation; malnutrition; • Depletion of resource base (land; water; forest; wild life) etc) • Squeezed food basket • Skewed land distribution • Distress Migration and women drudgery • Inadequate institutional linkages, inadequate infrastructure, inadequate bargaining power https://www.thehindu.com/news/national/niaru-panel-ranks-odisha-most-backward-state/article5170718.ece
Approach	strengthening and building capacities of local communities towards rejuvenating human, ecological, social, economical capital & well-being improvement with a view to changing the culture of cultivating solutions towards Resilience in blending with time-honoured improved technology transformation with well-articulated development communication incorporating inclusion, innovations to address next development challenges

had either national (53 per cent) or local (24 per cent) scope and focused on climate change (72 per cent), energy (69 per cent), materials use (63 per cent), waste (63 per cent) and water use (59 per cent). They were implemented by the Brazilian Tour Operators Association, the Federation of Community-Based Tourism Organizations, the "gutsnegut gmbh" consulting firm, the Institut de la Francophonie pour le développement durable, the Japan Ecolodge Association, the Kenya Rural Tourism Network, the Korea Ecotourism Society, NATH Inc., the National Council for Sustainable Development of Honduras, the Regional Tourism Organization of Southern Africa, the Society for Sustainable Tourism & Development Inc., Tourism Inc., Butterfly Tourism, Udyama and the Vietnam Cleaner Production Centre, among others.

36. In 2016, sustainable tourism programme actors developed 32 knowledge and technical tools for sustainable consumption and production, including guidelines, tools, standards, reports and journal articles. Thirty-four percent of these resources had a global scope.

37. Relevant guidelines included "The Responsible Tourist" (Spencaley Tourism and Development); the "Green trekking code of conduct" (Sustainable Tourism Foundation, Pakistan); "Make it count: guide for outbound tour operators and ground agents" (The Travel Foundation); and "Energy efficiency tips for hotel staff" (UNWTO), among others.

38. Technical tools released in 2016 included a carbon calculator for tour operators (Dutch Association of Tour Operators); voluntary certification criteria (Fair Trade Tourism); research papers on resource efficiency by the International Centre for Responsible Tourism; assessment of carbon emissions of the transportation and accommodation industries (Ministry of Tourism of the Bahamas); best practices diagnostic tools for micro, small and medium-sized enterprises (Rainforest Alliance) and the Global Sustainable Tourism Dashboard, created to monitor the development of sustainable tourism (the World Travel and Tourism Council), among others.

39. A total of 43 outreach and communication activities were implemented by sustainable tourism programme actors in 2016, reaching over 700,000 people. The majority (52 per cent) were events by actors such as the China Lab for Architecture and Urban Studies of the University of Pavia, Italy, and DEFISMED; communication campaigns (31 per cent) by actors such as the African Union of Conservationists, the European Alliance for Responsible Tourism and Hospitality, the Italian Association of Responsible Tourism and Wapos/Triple Ecuador; and social media activities (24 per cent) by actors such as Amigos de Sian Ka'an.

40. Relevant outreach and communication activities included, among others, a best practices guideline for tourism in protected areas by the Tourism and Protected Areas Specialist (TAPAS) Group of the International Union for Conservation of Nature; the annual report of Les Villages Nature Val d'Europe; the online sustainable tourism portal of the Ministry of Tourism of Croatia; and the climate-related webinars developed by UNEP with financial support of the Government of France (Ministry of the Environment, Energy and the Sea).[12]

41. Initiatives to advance the integration of sustainable consumption and production into policies included the efforts of the Ministry of Tourism of Morocco to establish the African Charter for Sustainable and Responsible Tourism, adopted

Dear Principal,

I am to inform that your institution has been accredited provisionally as Accredited Vocational Institution (AVI) of National Institute of Open Schooling (NIOS) for the following Vocational Education Courses from the current academic session 2011. This is further to inform you that there are two admission sessions beginning from 1st January and 1st July of every year.

Name of the Courses & Code	Maximum intake in one session	Course Duration
1. Electrical Technician (701,702)	25x1	One Year
2. Basic Computing (608)	25x1	Six Months

You have been allotted AVI No. - 650033. Please quote this number in all future correspondence with NIOS.

You are permitted to run/introduce above course(s) with minimum 8-10 learners. Your AVI falls under NIOS Regional Centre - **Bhubaneswar**. Please send your requirement for the syllabus, study material, prospectus, etc. to the Regional Centre of NIOS at: NIOS, Sub - Regional Centre, Adivasi Exhibition Ground Unit 1, Bhubneswar -751 009, Orissa Ph: 0674-2597288, Fax : 0674-2597287, E-mail: rcbbsr@ nios.ac.in endorsing a copy thereof to the Incharge, Material Distribution Unit, CWC Godown Campus, 4/B, G.T. Karnal Road, Rana Pratap Bagh, Opp. State Bank Colony, Delhi- 110033, Ph./Fax-No. 011-27240012, 011- 27461329.

For any other assistance regarding admission, examination etc you may contact you respective Regional Centre. The inspection of your institutions will be done at a later stage by the Regional Centre under which yourAVI is attached.

Enclosed please find one set of Guidelines for Vocational Admission which you may refer to for going ahead with vocational admission in your AVI. Also please find enclosed two copies of Memorandum of Understanding (MoU) and a proforma for appointing Coordinator of the AVI. You are requested to fill the MoU and proforma and return the same to the undersigned at the earliest.

With warm wishes,

Yours sincerely,

(Dr. S. Mitra)

10YFP/PRG-2.V1/March14

Secretariat UNEP

Proposal for a 10YFP Programme on Sustainable Buildings and Construction (SBC)
Submitted to the 10YFP Secretariat

TITLE OF THE PROGRAMME: *SUSTAINABLE BUILDINGS AND CONSTRUCTION PROGRAMME (SBC)*

Rationale and background

The Sustainable Buildings and Construction Programme (SBC) contributes to the 10-Year Framework of Programmes on Sustainable Consumption and Production (10YFP on SCP). The 10YFP is a global framework of action to enhance international cooperation to accelerate the shift towards SCP. It develops, replicates and scales up SCP and resource efficiency initiatives, at national and regional levels, working to decouple environmental degradation and resource use from economic growth, and thus increases the net contribution of economic activities to poverty eradication and social development.

SBC aims at fulfilling of the 10YFP functions:
- to promote the added value of a sustainable consumption and production approach
- to share information and tools to learn best practices
- to increase cooperation and networking among all stakeholders
- to foster integration of SCP into decision-making at all levels
- to raise awareness and engage civil society, with a particular focus on the education system
- to facilitate access to technical assistance, training, financing, technology and capacity building
- to strengthen and make use of scientific and technological capacities
- to promote the engagement of the private sector to achieve shift towards SCP
- to foster innovation and new ideas, while increasing recognition of traditional knowledge.

Buildings and construction have major impacts on our environment in its resource use (land, materials, energy, water); emissions (GHG, particulates, waste) and on biodiversity. These sectors can also play an important role in improving the environment by cleaning polluted areas and recycling not only its own waste streams but those of other sectors in its own production and consumption. In addition, buildings contribute to human health, safety and comfort. Construction activities provide employment and innovation opportunities for both genders and to the youth. The built environment represents an important share of national wealth. Thus, the SBC programme provides an excellent platform for contributing to sustainable consumption and production together with Sustainable Public Procurement, Consumer Information, Sustainable Tourism and Sustainable Lifestyles and Education programmes in a complementary way.

The overall aim of the programme is to achieve a situation, by 2030, where:

"All stakeholders involved in the planning, commissioning, design, construction, use, management and deconstruction of buildings have a common understanding of sustainable buildings and the knowledge, resources and incentives required to create, maintain and use them; structures that are healthy to live and work in, that responsibly utilise energy, water, land and other key resources, respecting environmental limits, and ultimately have a minimally adverse impact on the natural world, supporting social and economic development."

WWQA
World Water Quality Alliance

SOCIAL ENGAGEMENT PLATFORM

Nairobi, 16/03/2023

To whom it may concern,

This is to inform you that your application to be a LOCAL WATER FORUM of the Social Engagement Workstream of the World Water Quality Alliance, convened by the United Nations Environment Programme was approved on Monday, the 13th of March 2023.

The Social Engagement workstream transforms the work of the World Water Quality Alliance into the basis for relevant policy creation, and water quality data into a source of unrivalled information with which to provide the population as a whole, with a clear objective picture of water-based issues. It is capable of addressing the needs of a broad social community or those of a specific group, be they youth, women, SMEs, or often ignored small rural communities.

Sustainable inter-sectoral collaboration, the fostering of local solutions for global issues, the transformation of knowledge into action and the translation of complex data into simple accessible knowledge will constitute an important step towards enabling stakeholders of being more capable of mitigating the effects of the mistakes of the past.

The initiative which you represent is an important part of a global movement to build bridges between supranational objectives and local community actionsand is capable mobilizing actionon water quality within your local community whilst being fully involved in the transformation ofwater quality knowledge into practical public measures.

We are delighted to welcome you to the World Water Quality Alliance and we look forward to working closely with you in the coming years.

You will be contacted shortly by Lesha Witmer and invited to the next meeting of the Social Engagement Workstream . To

Your faithfully, Mr.Pradeep Mahapatra

Nina Raasakka, Anham Salyani and Richard Elelman Secretary, UDYAMA

THE GLOBAL COMPACT
WE SUPPORT

No. 7.1.2/2000-B-II
Government of India
Ministry of Environment & Forests
National Afforestation & Eco-Development Board
Paryavaran Bhavan, CGO Complex
Lodhi Road, New Delhi-110 003.

Dated:11/7/2000

To
The Secretary(Forests)
Government of Rajasthan,
Jaipur.

Subject : First Evaluation of Projects sanctioned during IX Plan under Integrated Afforestation & Eco-Development Project Scheme.

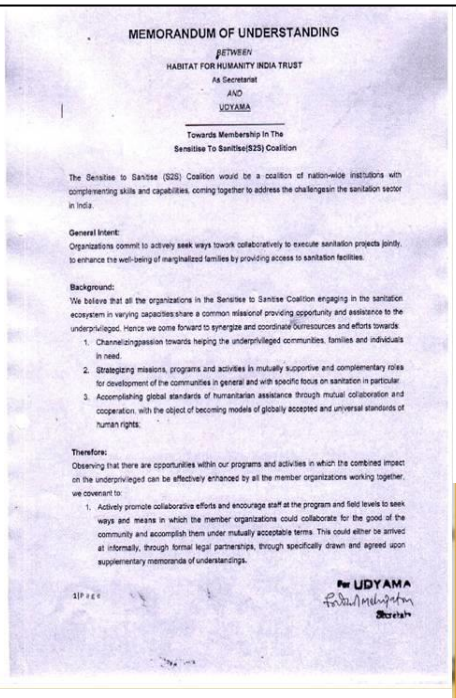

Sir,

I am directed that this Board has assigned first evaluation work of the following on-going projects of your state under Integrated Afforestation & Eco-Development Project Scheme(IAEPS). The proposed evaluation would help this Board in making such modifications as are necessary for proper implementation of the scheme. The evaluating organisation is being paid consultancy fee directly by the NAEB. It is requested that necessary instructions may be given to the field Officials concerned to provide full cooperation to the evaluating Team in terms of physical inspection of the project area and supply of necessary records relating to the projects, during their visit. Copies of the reports submitted by them would be made available to the State Govt. for reference and necessary action, if any.

The name of the Agency who has been assigned the evaluation work and the Watershed/District of the project to be evaluated are given below :-

Name and Address of Evaluating Agency	Name of Watershed/ District & State of the projects
Mr. Pradeep Mohapatra, UDYAMA, Distt. Nayagarh – 752016. (Orissa)	Ladpura & Mandana Watershed, Kota Distt., Rajasthan.

Yours faithfully,
(Paul Ekka)
Under Secretary

MEMORANDUM OF UNDERSTANDING

BETWEEN
HABITAT FOR HUMANITY INDIA TRUST
As Secretariat
AND
UDYAMA

Towards Membership In The
Sensitise To Sanitise(S2S) Coalition

The Sensitise to Sanitise (S2S) Coalition would be a coalition of nation-wide institutions with complementing skills and capabilities, coming together to address the challengesin the sanitation sector in India.

General Intent:
Organizations commit to actively seek ways towork collaboratively to execute sanitation projects jointly, to enhance the well-being of marginalized families by providing access to sanitation facilities.

Background:
We believe that all the organizations in the Sensitise to Sanitise Coalition engaging in the sanitation ecosystem in varying capacities share a common missionof providing opportunity and assistance to the underprivileged. Hence we come forward to synergize and coordinate ourresources and efforts towards:

1. Channelizingpassion towards helping the underprivileged communities, families and individuals in need.
2. Strategizing missions, programs and activities in mutually supportive and complementary roles for development of the communities in general and with specific focus on sanitation in particular.
3. Accomplishing global standards of humanitarian assistance through mutual collaboration and cooperation, with the object of becoming models of globally accepted and universal standards of human rights.

Therefore:
Observing that there are opportunities within our programs and activities in which the combined impact on the underprivileged can be effectively enhanced by all the member organizations working together, we covenant to:

1. Actively promote collaborative efforts and encourage staff at the program and field levels to seek ways and means in which the member organizations could collaborate for the good of the community and accomplish them under mutually acceptable terms. This could either be arrived at informally, through formal legal partnerships, through specifically drawn and agreed upon supplementary memoranda of understandings.

21 September 2018

Dear Mr. Mahapatra,

South Asia Forum on
the Sustainable Development Goals
4-5 October 2018, Gulmohar Hall, India Habitat Centre, New Delhi, India

On the basis of your application expressing interest for participating in the "South Asia Forum on the Sustainable Development Goals", United Nations Economic and Social Commission for Asia and the Pacific (UNESCAP) is pleased to invite you to the Forum which will take place on 4-5 October 2018 in New Delhi jointly organized by UNESCAP and the NITI Aayog, Government of India. It will provide subregional perspectives and inputs to the Sixth Asia-Pacific Forum on Sustainable Development (APFSD) to be held in Bangkok in early 2019.

As the principal platform for follow-up and review of achievements in implementing the 2030 Agenda and the Sustainable Development Goals (SDGs), the APFSD supports preparations for the High-Level Political Forum on Sustainable Development (HLPF) in the context of both the United Nations Economic and Social Council and the General Assembly. It provides opportunities for peer learning, sharing of good practices, and emphasizing national and subregional perspectives.

The upcoming Forum will be a unique opportunity to bring together the stakeholders from government, academia, the international community, civil society and the private sector and provide them opportunity to knowledge sharing and discussing key challenges and opportunities for the implementation of 2030 Agenda for Sustainable Development. The Forum will also provide opportunities for complementing the subregional agenda, inputs and perspectives for the implementation as well as the road-map of the 2030 Agenda for the Asia and the Pacific. The Forum also gives an opportunity to share subregional perspectives and inputs for the 2019 theme of the HLPF and APFSD: "Empowering people and ensuring inclusiveness and equality" and discuss the cluster of goals for review at the HLPF in 2019, namely Goals 4, 8, 10, 13, 16 and 17 as well as other cross-cutting issues that will affect SDG implementation in the subregion, and possible policy actions to leverage regional cooperation and coordination in support of the Goals.

Subject: Empanelment of Evaluators.

Sir,

With reference to your letter dated 23-07-1997 , it is to inform you that you have been empanelled for evaluation of various projects under the schemes being implemented by the Department. You will separately be informed as and when your services would be required by various Divisions of the Department. A copy of order No. K- 11011/61/94- M&E dated 03-12-97 regarding honorarium to be paid to consultants/evaluators/monitors is enclosed.

Thanking you.

Yours faithfully,

(Y.K. Sood)
Section Officer

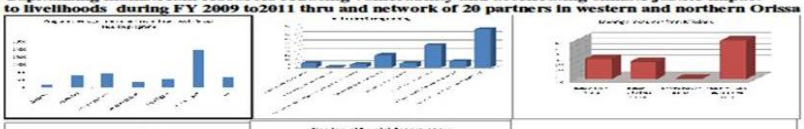

Engagement of UDYAMA with multiple stakeholders are as follows:

UDYAMA is working with department of Agriculture , Government of Odisha and ICRISAT towards Science led livelihoods and accelerating production and productivity, soil mapping and crop planning with added demonstration, capacity development where DDAs of Nayagarh, Boudh & Jagatsingpur are the nodal officers and support from DDAs & communities are immense.

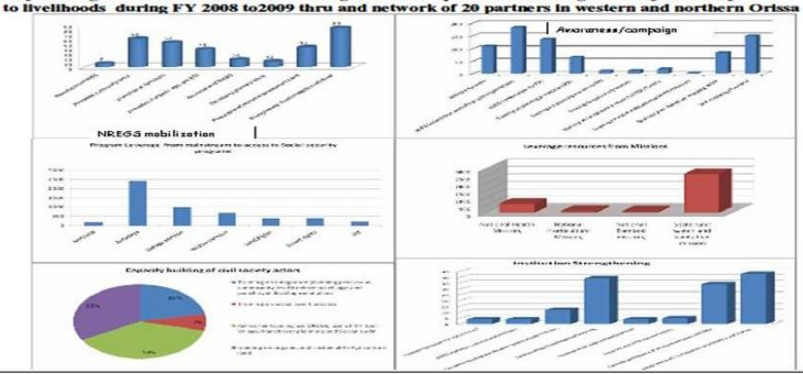

- there has good demonstration of Pigeon pea for an areas of 500 Hactars, Ground nut 200 Hact, pady for an area of 100 Hactars, at Boudh
- In Nayagarh , there will be sixty Demos & for Jagatsing pur 100 demonstrations done in collaboration with DDAs ,
- Besides above ,we have a good convergence in our sustainable livelihoods & fair climate initiatives with DDA& DDH , Bolangir, & Nabarangpur, Nayagarh and more demonstration are being undertaken.
- UDYAMA has contributed lot for sensitization, training, orientation, facilitated on thematic discussion on Broad based Livelihoods, Partnership, WA$H , Education, migration with climate change and emerging development, SDGs in the district
- DDM of NABARD from Nayagarh & Bolangir are supporting for promoting FPOs with added skill building and building collectives and marketing of Agro Products.
- Research and Technology Transformation with India Water Partnership (Global Water Partnership) with host organization WAPOCOs
- Climate adaptation & Innovation with CANSA & IGES Japan, CTCN(Climate Technology Change Network) as extended technical wing of UNFCCC and UDYAMA is one of the observers to UNFCCC,
- For DRR and risk reduction with Global Network for Civil Societies for disaster risk Reduction (GNDR) & member of National Focal Point and South Asia & Member of UNISDR
- Food , Nutrition & livelihoods Resilience with Sustainable food Systems powered by FAO and UNEP- Under SCP-10YFP now it is One planet Network & Integrated Natural Resource Management with WOCAT & UNCCD
- Micro-Watershed & Resource conservation under micro project with WOTR & INNEC & NABARD has awarded a micro watershed in Dasapalla block of Nayagarh
- Nutrition & Food Security with Coalition of Food and Nutrition Security, New Delhi
- Promoting Farmers Producers Organisation, institution building, Marketing linkage establishment with NABARD & guided by SVA & FICCI
- For Sustainable livelihoods & fair climate and Post harvest &Agri-business, ICCO Netherlands
- Promotion of Green Energy Solar water lift, Village Solar-Lighting with CLEAN & MNRE,
- Skill Development & placement with Vision Net media accredited with NSDC/SMART, FVTRS, Youth International Centre
- There has a possibility of CSR co-financing with other corporate as UDYAMA has strong partnership/accreditation with IICA, TISS-CSR Hub, UN Global compact,

Swasti THE HEALTH CATALYST

02/05/2021

To,
UDYAMA
HIG-140-K6-Kalingavihar,
Bhubaneswar-751019,
Odisha,
India

Dear Pradeep Mohapatra,

Subject: Collaboration between UDYAMA and COVIDActionCollab (CAC) for High Impact Interventions

This letter is to certify that UDYAMA is a partner of CAC and both parties have agreed to collaborate for the implementation of the High Impact interventions of CAC.

CAC is a people-centric, partnership-led, multi-disciplinary network that synergizes, augments and accelerates the impact of partners (implementers, providers and enablers) in their effort to support vulnerable communities to survive and thrive through humanitarian crises (like COVID-19) by ensuring relief, recovery and resilience building. CAC is incubated by the Catalyst Group with Swasti - a not for profit organisation as one of its entities.

Swasti (Wellbeing in Sanskrit) is a Global South civil society organisation committed to adding 100 million 'wellthy[1] days' for Vulnerable Communities. Swasti upgrades the discourse from health to wellbeing and brings the missing pieces in wellbeing together (social, behavioural, management and technology) around the technical/medical aspects, with a strong focus on Prevention and Promotion[2]. Swasti is a registered not for profit organisation and part of the Catalyst Group of institutions, working across 25 countries South Asia, South East Asia and parts of East Africa.

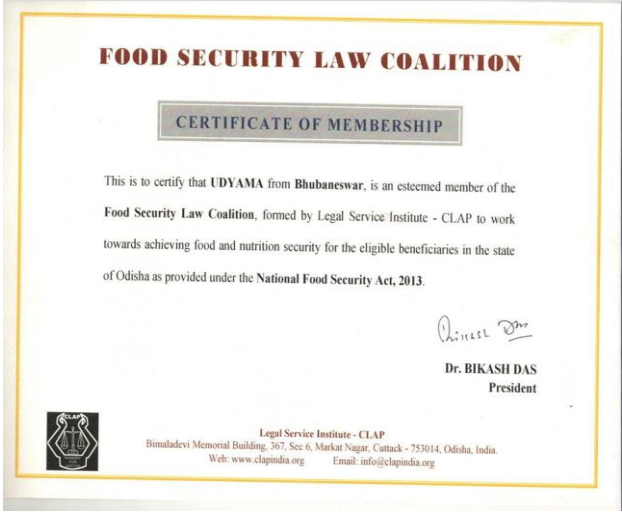

Founded in 1997, registered under Societies Act 1860, UDYAMA primarily aims towards strengthening and building capacities of local communities towards rejuvenating human, ecological, social, economical capital & well-being improvement with a view to changing the culture of cultivating solutions towards "Resilience, Recovery & Adaptation "in blending with time honoured improved technology transformation with well articulated development communication incorporating inclusion, innovations to address next development challenges. UDYAMA envisages cross sector integration towards sustainable communities with Learning-

[1] A take off from WHO's healthy days. We define it as Health + Wealth = Healthy days + financial resilience to meet any health incidents, including catastrophic.

[2] Three parts = 1. Prevent, preventable conditions 2. Screen and treat undiagnosed conditions 3. Use Salutogenesis approach to promote wellness - healthy sleep, water, sanitation, air, habits, etc - at individual, family and community levels.

10YFP/PPG/2.V/March14

10YFP

Secretariat UNEP

Proposal for a 10YFP Programme on Sustainable Buildings and Construction (SBC)
Submitted to the 10YFP Secretariat

TITLE OF THE PROGRAMME: SUSTAINABLE BUILDINGS AND CONSTRUCTION PROGRAMME (SBC)

Rationale and background

The Sustainable Buildings and Construction Programme (SBC) contributes to the 10-Year Framework of Programmes on Sustainable Consumption and Production (10YFP on SCP). The 10YFP is a global framework of action to enhance international cooperation to accelerate the shift towards SCP. It develops, replicates and scales up SCP and resource efficiency initiatives, at national and regional levels, working to decouple environmental degradation and resource use from economic growth, and thus increases the net contribution of economic activities to poverty eradication and social development.

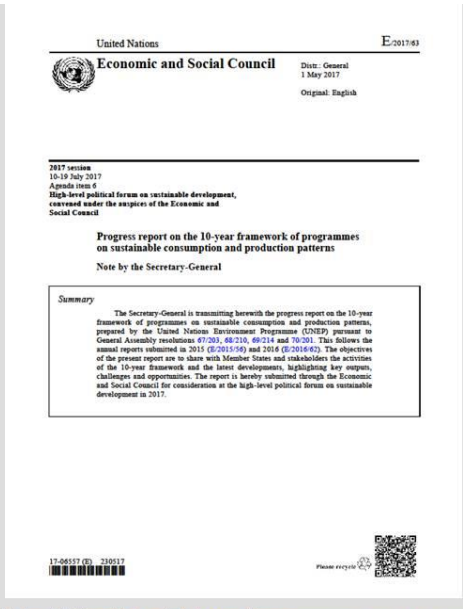

SBC aims at fulfilling of the 10YFP functions:
- to promote the added value of a sustainable consumption and production approach
- to share information and tools to learn best practices
- to increase cooperation and networking among all stakeholders
- to foster integration of SCP into decision-making at all levels
- to raise awareness and engage civil society, with a particular focus on the education system
- to facilitate access to technical assistance, training, financing, technology and capacity building
- to strengthen and make use of scientific and technological capacities
- to promote the engagement of the private sector to achieve shift towards SCP
- to foster innovation and new ideas, while increasing recognition of traditional knowledge.

Buildings and construction have major impacts on our environment in its resource use (land, materials, energy, water); emissions (GHG, particulates, waste) and on biodiversity. These sectors can also play an important role in improving the environment by cleaning polluted areas and recycling not only its own waste streams but those of other sectors in its own production and consumption. In addition, buildings contribute to human health, safety and comfort. Construction activities provide employment and innovation opportunities for both genders and to the youth. The built environment represents an important share of national wealth. Thus, the SBC programme provides an excellent platform for contributing to sustainable consumption and production together with Sustainable Public Procurement, Consumer Information, Sustainable Tourism and Sustainable Lifestyles and Education programmes in a complementary way.

The overall aim of the programme is to achieve a situation, by 2030, where:

"All stakeholders involved in the planning, commissioning, design, construction, use, management and deconstruction of buildings have a common understanding of sustainable buildings and the knowledge, resources and incentives required to create, maintain and use them; structures that are healthy to live and work in, that responsibly utilise energy, water, land and other key resources, respecting environmental limits, and ultimately have a minimally adverse impact on the natural world, supporting social and economic development."

2017 session
10-19 July 2017
Agenda item 6
High-level political forum on sustainable development, convened under the auspices of the Economic and Social Council

Progress report on the 10-year framework of programmes on sustainable consumption and production patterns

Note by the Secretary-General

Summary

The Secretary-General is transmitting herewith the progress report on the 10-year framework of programmes on sustainable consumption and production patterns, prepared by the United Nations Environment Programme (UNEP) pursuant to General Assembly resolutions 67/203, 68/210, 69/214 and 70/201. This follows the annual reports submitted in 2015 (E/2015/58) and 2016 (E/2016/62). The objectives of the present report are to share with Member States and stakeholders the activities of the 10-year framework and the latest developments, highlighting key outputs, challenges and opportunities. The report is hereby submitted through the Economic and Social Council for consideration at the high-level political forum on sustainable development in 2017.

Credo of Rural Reconstruction

Go to the people.
Live among them.
Learn from them.
Plan with them.
Work with them.
Start with what they know.
Build on what they have.
Teach by showing.
Learn by doing.
Not a showcase but a pattern.
Not odds and ends but a system.
Not piecemeal but integrated approach.
Not to conform but to transform.
Not relief but release.

This
CERTIFICATE OF PARTICIPATION
is awarded to

PRADEEP MAHAPATRA

for having successfully participated in the Silang leg of the
Disaster Preparedness and the Power of Local Leadership
conference held at IIRR, Silang, Cavite, Philippines
on March 6 - 8, 2017.

Given this 8th day of March 2017.

NUTRITION IS ESSENTIAL FOR THE SUCCESS OF ALL THE SDGS

Optimal nutrition is essential for achieving several of the Sustainable Development Goals, and many SDGs impact nutrition security. Nutrition is hence linked to goals and indicators beyond Goal 2 which addresses hunger. A multisectoral nutrition security approach is necessary for success.

Key Achievements

- **3500 nos-Micro-models on water related projects on Harvesting, restoration & Recharge**
- **25-CBOs-engaged for Resilient livelihoods scale-up**
- **8000 Distress migrants registered & provided ID card**
- **2000 nos- distressed-migrant skilled & self-engaged**
- **20 nos-women-collectives engaged in Nutrition farming & Gearing Greening**
- **2000 hectares-adopted resilient-farming with science led livelihoods towards soil carbon absorption-**
- **500-hectares-pulses -under NFSM & Soil Nutrition**
- **10000-hectares-local biodiversity-protection for carbon Sequestration, & availing regulated forest foods/products**
- **3500-Home-solar-lighting-system part of Green energy supporting children to read more & women to do more work**
- **3500-fuel-efficient-cooking-stoves under Low emission development Strategies [LEDS) in minimizing Health hazards of rural women & children**
- **45-schools practicing sanitation, nutrition , hygiene in inculcating Environment education,**
- **200- groups engaged backyard nutrition promotion & household waste & water management**
- **05-Citizen-Action, Climate Justice/Resilience committed for undertaking action on Deepening governance on water-nature-culture- craft- lifestyle support to localizing SDGs**
- **25-onion shades leveraged from Government as post harvest technology**
- **480-nos of treadle-pumps for lifting water without power consumption as part of water governance**
- **09-Biogas plant & solar-drier distributed part Renewable Energy Initiative & part of circular economy**
- **01-nos of solar-energy-centre catering 28 HHs As part of power governance for tribal communities**
- **05 nos FPOs Promoted towards minimizing distress sale & market linkage and value added of local products in western**
- **10-nos-ICT-KIOSKs for digital weather information climate risks, to undertake risk informed resilient livelihoods practices**
- **109750 no of COVID Vaccinated , Readiness, preparedness, resilience & recovery- with added CAB protocol advocacy, undertaking social protection campaign & immunity boosting for all**
- **Extended Humanitarian Support to 2400 stranded Train Tragedy Bahanaga Passengers from 2nd June to 5th June 20203**
- **Extended Rehab support to Medical admitted patients & Relatives more than 250 nos**

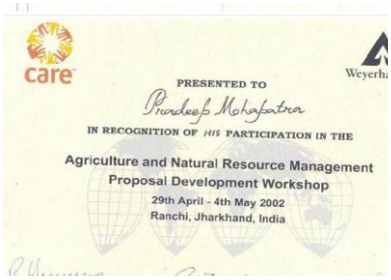

Thematic Areas of Action towards Resilience Building & adaptation to Climate Crisis & Health Crisis for People & Planet::

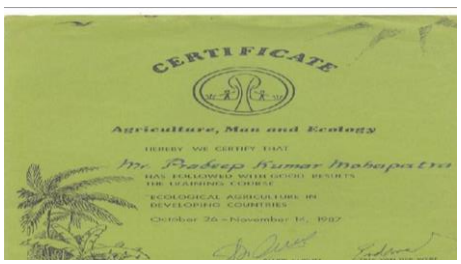

- Sustainable Food Systems & ecological advancement, Watersheds, stream-water-rejuvenation, ecological farming
- Nature Based Solutions , Farmers field Schools Science led Livelihoods Resilience, Biodiversity Conservation
- Climate Adaptation & Ecosystem-based DRR
- Innovations, Inclusion, Knowledge, Technology Transfer of ICT Use Skill building,
- Strengthening Farmer Producer Organizations & Women collectives , Alternate Livelihoods for Ultra-poor communities & social entrepreneurship
- Minimize Distress-Migration , City - Resilience, Strengthening ULBs
- Low Emission Development strategies & Carbon Credit, Carbon minus studies & Agri-Eco-Tourism
- Circular Development & Economies in reusing, remaking , rejuvenating , remaking , restoring resource base advocacy for refuse
- Mass Vaccination to Saving Lives through CAB Protocols for Vaccine readiness advocacy & reached out more than One lakh twelve thousands vaccinated , & Social Protection pathways to minimizing health risks

Activities:
Social and economic empowerment
Social entrepreneurship and Business development
Food ,water, environment
health, sanitation and women and child development
Risk reduction and livelihood promotion
Micro project micro finance and micro watersheds
Study and research, capacity building

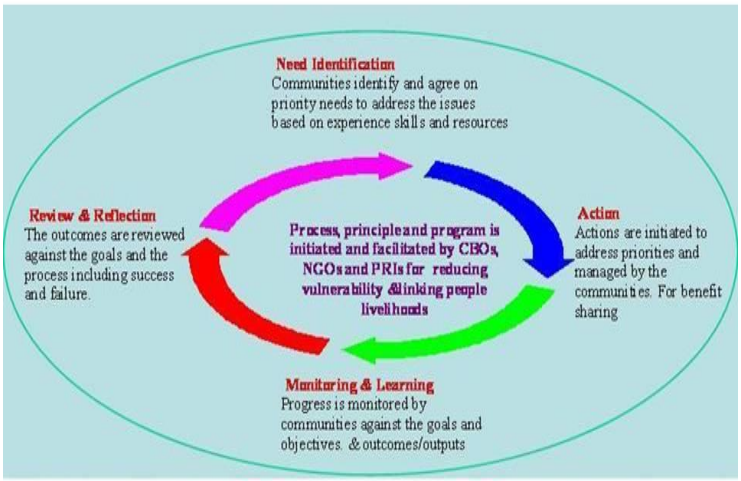

Concept and design by UDYAMA

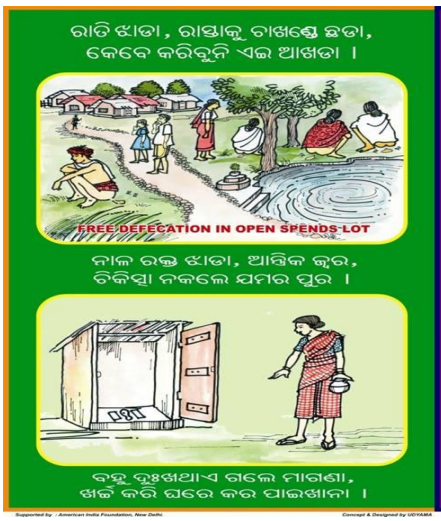

OUR OBJETIVE

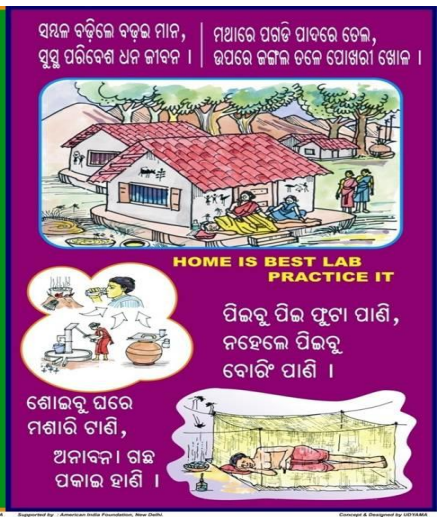

To generate sustainable livelihoods based on existing potentiality of resources to significantly reduce rate of distress migration & vulnerability with an intention of enhancing social and economic empowerment

- ❑ Vulnerable access to better managed resource base
- ❑ Conceptualizing the development priority on regional basis
- ❑ Working together for building synergy
- ❑ Linking learning for people's livelihoods

We Believe in Keep on working thru Action-Reflection-Action

Model Building: Community led, managed, controlled and integrated with panchayats in terms of design, implementation and develop a process for conflict resolution of ANRM with backward & forward linkages that leads to vulnerability and holistic development:

Promote diversification for better resource for multiple livelihood empowerments.

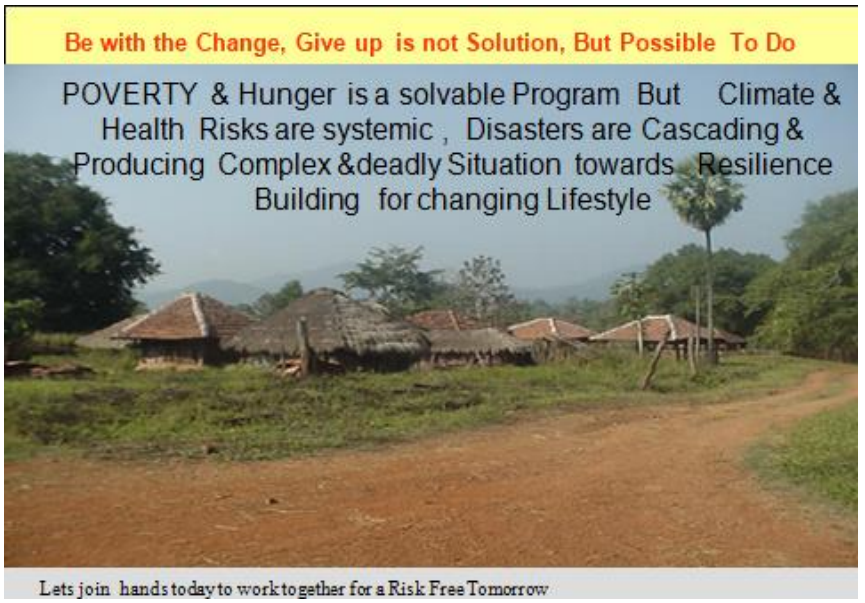

Increase choices for social exclusions and the resource poor who are typically engaged in distress migration and other vulnerablilty reside in rural coastal and urban region.

Capacity Building of smaller CBOs & NGOs for building approaches and dissemination and development of good practices to other areas through training, exposure visits and workshops

Institution building and enabling environment –formation of local regional and national networking with similar groups and organization with an objective of enabling environment and wider replication and scaling up for reducing vulnerability.

Partnering with varied institution and organizations for value addition, developing linkages, scale up and fine the process to reach the reach out with an intention of reducing vulnerability and leading to livelihood promoting simultaneously to reconstruct a solid institution building

Demystification of technology ICT with appropriate and creative use to enhance income & livelihood support system to mitigate recurrent disasters
